### WINEMAKER'S NOTES

The complex nature of this wine is indicated by its dark ruby color with blueberry hued edges. The aromatic profile is of dark forest undergrowth with black truffle essence, Bing cherry and blackberry bramble notes. The wine comes alive on the palate with dark boysenberry and blueberry notes filling out to a rich and finely grained mid palate with a fresh mineral acidity. The fresh black forest berry fruits are gently supported with subtle oak notes to carry the wine to a long, complex finish.
